Melvin Shute, Stockton Springs, 567-3364

SELECTMEN'S NOTE

We respectfully submit to the citizens and taxpayers of Troy this annual report of the year 1978. We extend our sincere 'thanks' to all those who assisted in one way or another, in the operation of Town business this past year.

Special thanks go to - Reg Cunningham who has done an especially good job as Fire Chief for several years. An outstanding job once again was done by Tax Collector and Treasurer, Marie Heitmann, in her every day chores, especially when it comes to being caretaker of all the trust funds — This latter part takes in a good deal of traveling to the associated banks. Our Constable, Mervin Walker, was busier than ever this past year. More time, each year, is put in on stray dogs.

Jerry Parker, our Road Commissioner, did well to maintain a draw plus with the weather, beavers, more traffic than ever competing with him.

Many thanks also to Ken "Babe" Tozier our local representative to State Legislature and to Melvin "Mel" Shute, our state senator for all they have done to help.

This year we have a new auditor, Douglas Tatham of Clinton. This gentleman has gone further than a usual audit. He has pointed out to us some of our "failings" and has given both the Selectmen and the Tax Collector and the Treasurer some very beneficial pointers on how to "improve" our bookkeeping. Many thanks for this.

And speaking of bookkeeping; a thing that is getting much more complicated and getting much more scrutinized; we feel that we are getting closer to the day when all books and all records should be kept under one roof and in a building that will ensure comfort for the personnel doing the work — like warmth, water and

toilet facilities; and fireproof for all records. Our present town office won't even hold all papers and records that should be stored in there (and be fireproof) to say nothing of working conditions for the personnel.

When articles, no matter what business one might be in, are not properly taken care of, they have a tendency to be neglected, sometimes lost, etc. We feel the townspeople of Troy should take a stand of trying to figure out what we might do for a better municipal building in the future.

We are still making it known in Augusta and elsewhere that the Town of Troy is very unhappy with the current Tree Growth Law. Even the Washington (D.C.) Post devoted over a half page on Troy and the T.G.L.

TAXES — Anyone wishing to know more about Tree Growth Law should contact one of the Assessors before April 1, 1979. We also want to make sure this coming year, that all those who think they are eligible for elderly tax refund and are not now already receiving said benefits contact the Assessors this spring.

It has been brought to our attention several times lately by several of our citizens that it might be wise if the Selectmen's terms were for 3 years instead of one. This would protect the town from the chance of having a completely inexperienced board at any one time. Note there is an article in the warrant concerning this.

And still on the bookkeeping theme, we suggest attendance at one of the bookkeeping schools for municipal officers to be offered later this spring. It is hoped that the Tax Collector - Treasurer would attend along with at least one of the Selectmen.

Also, in view of what is to come in the next few years that some or all the Assessors attend some of the courses offered to them in assessing.

Also a fine job was turned out by our Town Clerk, Sally Luce.

ANNOUNCEMENTS

Seven Star Grange will serve their usual delicious dinner at noon Town Meeting Day. A nominal donation will be welcomed for this dinner.

Again we feel sure of deep appreciation from many of us if smokers refrain from smoking at our business meeting on Saturday.

Following is a copy of Bernhard B. Cook's will:

KNOW ALL MEN BY THESE PRESENTS, that I, BERNHARD B. COOK of TROY in the County of WALDO and State of MAINE, being of sound and disposing mind, memory and understanding, do hereby make, publish and declare this as and for my last will and testament, hereby revoking any and all wills by me at any time heretofore made.

FIRST: I direct my executor, hereinafter named, to pay all my just debts, expenses of last sickness, funeral bills, expenses of administration and all inheritance taxes out of my said estate as soon as may be practicable after my decease.

SECOND: I am not unmindful of my son, Algot Manfred Bengsson.

THIRD: I give, devise and bequeath to the Inhabitants of the Town of Troy all real estate that I may own at the time of my decease including all buildings and trailer thereon, and located on the Northerly side of Route No. 9, in trust, however, for the exclusive use of a roadside rest area open to the general public, and it is my desire that green trees now or hereafter standing on said Real Estate shall not be cut other than the minimum necessary to carry out the above described purpose, and it is also my desire that no open fires be allowed on said premises other than in approved metal fire places which may be allocated by the said Inhabitants of the Town of Troy.

FOURTH: I direct my executor hereinafter named to sell and dispose of all tools and equipment in the two sheds and tinker shop at public auction as soon as may be practicable after my decease and the proceeds therefrom to become part of my residue of my estate.

FIFTH: All the rest, residue and remainder of my said estate, of every kind and description, real, personal and mixed, including any and all-interest in life insurance, I hereby give, devise and bequeath to the Inhabitants of the Town of Troy, in trust however, the income only to be used to construct and maintain the public rest area hereinabove mentioned.

LASTLY: I hereby nominate, constitute and appoint the Maine National Bank to be the executor of this my last will and testament, and I hereby direct that it be not required to give bond as such.

IN TESTIMONY OF ALL WHICH I have hereunto set my hand and seal this twelfth day of June, A. D. 1972, in the presence of the witnesses named below.

/s/ Bernhard B. Cook (LS)

Signed, sealed, published and declared by the above named Bernhard B. Cook to be his last will and testament in our presence, who, in his presence and in the presence of one another, at his request, have heretofore affixed our signatures as witnesses the day and year above written.

/s/ Myrtle R. Nolan
/s/ Douglas A. Clapp
/s/ Lloyd H. Stitham

AUDITOR'S REPORT

GRANT & TATHAM
Certified Public Accountants
Waterville, Maine

March 8, 1979

Board of Selectmen
Town of Troy
Troy, Maine

Dear Sirs:

I am presently in the process of completing the audit of the financial records of the various town officials of the Town of Troy for the municipal year ended February 26, 1979.

I regret that my examination and audit report will not be completed in time to be published in this years annual report. I feel this can be completed and delivered by March 31, 1979.

Very truly yours,

DOUGLAS TATHAM
Certified Public Accountant

FIRE CHIEF'S REPORT

To the citizens of the Town of Troy:

It's our pleasure to submit to you the following report on activities of your fire department for the year 1978.

Officers:

President, Steve Fernald
Vice President, Ashton Clark
Sec.-Treas., Walter Sheren
Fire Chief, Reg. Cunningham
Forest Fire Warden, Sheldon Ballard
Board of Directors, Steve Fernald, Ashton Clark,
Donald Mitchell, Robert Brennon, Daryl Bell,
Willis Howe, Harry Irving.

The year 1978 was a busy one for the fire department. We responded to seventeen fires in the Town of Troy and mutual aid calls in Burnham, Detroit, and Unity. Three of these fires resulted in major losses. The seventeen fires we responded to were: four chimney fires, eight house fires, one garage, one forest, one gasoline, and two grass. The Unity fire department was called in three times for mutual aid.

The equipment was also used several times during the year for precautionary measures in burning grass, old buildings and rubbish.

The fire department owes a special thanks to the Ladies Auxiliary for the donation that they made this year. The gift of \$200.00 was used to clean and enlarge the fire pond behind the fire house.

REGINALD CUNNINGHAM
Fire Chief

WALTER F. SHEREN
Sec.-Treasurer

TROY SNOWBEATERS SNOWMOBILE CLUB

Our annual report of the Troy Snowbeaters snowmobile club.

First we'd like to thank all the landowners for the use of their land this season.

Our club has sponsored several organizations:

- (1) donated \$37.50 to co-sponsor the Troy School Clubs basketball team.
- (2) donated \$80.00 to Brownies to send a girl to camp.
- (3) donated \$130.00 to Girl Scouts to send a girl to a week at camp. These girls couldn't have gone otherwise.
- (4) We made \$100.00 at our beano game for the Pine Tree Camp.
- (5) We set up 2 barrels at the Carlton Bog boat landing last summer. Emptied them all summer and the area looked much neater.
- (6) We've built 2 new bridges — one at Black Brook and one by Tibbets. We thank the landowners for the easements for these bridges.
- (7) Opened a new trail from Troy to Detroit & Pittsfield. This bypasses Unity Pond which gave us trouble last season. Still lots of work to be done on this trail & other new trails in the coming year.
- (8) Donated a turkey & all the trimmings to a Troy family for Christmas. Hope it made their Christmas happier.

The Club would like your support on Article 41.

Thank you.

PATTY GOODBLOOD
Secretary

REPORT OF THE TROY PLANNING BOARD

Newsletter #12 Spring 1979

Planning board activities during 1978 were highlighted by a study of the town's natural resources and analysis of the public opinion survey that was completed in January of that year. A newsletter was published in the spring summarizing the results of the survey.

During the spring, also, the planning board was extremely fortunate to have the assistance of a Unity College student, Judy Lindsey, to assist with a study of the town's natural resources. Eight large maps of Troy were completed showing soil types, depth to bedrock, drainage, elevation, water tables, and suitability maps for septic tanks, forage crops, and prime farmland. The Regional Planning Commission is transferring the maps to mylar so that they can be reproduced for persons wishing copies and for inclusion in an overall study of the town. The planning board is pleased to note that these services have been provided at no expense to the town. Consequently the board's account has a balance of \$119.16.

Based on data from the public opinion poll and the natural resource inventory the planning board is currently studying geographic and land use characteristics and population trends in the town. Other areas of study planned include social and economic trends and transportation and communication patterns. It is hoped that the study will be completed this year. The planning board welcomes public participation, ideas, and information.

With regard to permit activity during 1978, much of the summer was spent dealing with a five-lot subdivision at the northeast corner of Bog and Rutland Roads. Final approval was also given to an expansion of a subdivision on Whitaker Road which was pending at the close of 1977.

PERMIT ACTIVITY
(March 1, 1978 - March 1, 1979)

Type of Permit	No. Applicants	No. Approved	No. Denied
Pole Permits	13	13	0
Subdivision Permits	2	2	0
Shoreland Zoning P'ts	0	0	0
Flood Ins. Permits	0	0	0
	<hr/>	<hr/>	<hr/>
TOTAL	15	15	0

The planning board published two newsletters during the year. The spring newsletter was devoted to reporting the results of the public opinion survey taken in Jan. The fall newsletter dealt with a variety of topics of public information. Due to the broad support given to the topic of fire protection the planning board made an effort to address the issue beginning with an article in the newsletter and distributing a brochure on household safety in coordination with the fire department. It is certain that this level of effort is not adequate. The planning board hopes that others in the community will become involved and further activity surrounding this very important subject is encouraged.

The planning board continues to meet twice a month throughout the year. Meetings are held at the Troy Central School on the second and fourth Mondays of each month at 8 p. m. They are open to the public and everyone is welcome to drop in at any time.

Your Planning Board:

Joyce Benson, Chr. David Rock Sec. Harry Irving
 Alfred Gabriel, V. Chr. Peter Gray
 Alternates: Greg Rossel, Laurie Nichols, Floyd Larby

REPORT OF THE TRUSTEES OF THE TROY FOREST AREA

For the past two years we have concentrated our efforts on establishing the boundaries on the eighteen woodlots under our management. Three other lots in the Forest Area, located along Carleton Stream, contain little marketable timber and are generally in the flood plain of the stream. Our efforts to define the boundaries were greatly aided by the acquisition of a complete set of 1939 aerial photographs of Troy. Erwin Piper is to be thanked for his effort in obtaining the photos, which are now in the permanent custody of the Forestry Trustees. After studying these photos and spending many hours walking the boundaries, we feel that most of the lots are now well defined. However, there is still work to be done on some boundaries. This will require spending time in Belfast at the registry, looking up old deeds seeking a better description of the lot. Also, we may need to bring in a surveyor in some cases.

During the past year we started a thinning and pruning program on the pine plantations. Working under the guidance of Bill Calderwood, State Forester, we completed a thinning of the G. Williston Lot. We are now in the process of pruning the remaining trees. We hope to carry out this procedure on the remaining plantations, the final result will be large, straight pine with no limbs below 17 feet.

Along with the above mentioned projects we hope to develop a comprehensive cutting plan during the next year. This will involve dividing the lots into approximately ten units and doing a selective cut on each unit periodically. Hopefully, by the time the tenth unit is

cut the first unit would be mature and the whole process could then be repeated. We will be developing this plan further during the year. One major benefit of this plan is that it should provide several thousand dollars per unit to be used for tax reduction.

Any woodsmen that would be interested in cutting in the Forestry Area should contact one of the Trustees. We would hope that they would be experienced in selective cutting. Also we will require references from previous employers as well as credit ratings from at least two sources. We may also require a deposit to be held until the end of the job to insure prompt stumpage payments, during the contract, as well as a satisfactory job of cutting and cleaning up at the end of the operation.

We feel that we represent the thinking of all the townspeople in that we want the Forestry Area to provide long term income to the Town and that every effort should be made to insure that result.

Signed,

STEPHEN FERNALD
WILLIS HOWE
ROGER MITCHELL

REPORT OF PLUMBING INSPECTION

To: Town of Troy:

The L. P. I. assigned to the Town of Troy has issued 13 external and 4 internal permits for the year ending Dec. 31, 1978. Of these only one is not completed at this time.

All prospective builders, buyers and inhabitants of the town are requested to contact the L. P. I. for information regarding the plumbing codes before any repairs or new construction is started.

HERBERT FLETCHER
